PROFILE

Detail-oriented Inventory and Stock Control professional with hands-on experience in stock audits, inventory reconciliation, procurement, and ERP-based stock management. Skilled at maintaining accurate stock records, minimizing variances, and supporting smooth supply chain operations across retail and hospitality outlets.

KEY SKILLS

- Stock control & inventory management
- Stock-taking & physical audits
- Stock reconciliation & variance reporting
- Procurement & supplier coordination
- Goods receiving & dispatch records
- ERP systems & Anchor software
- Microsoft Excel (stock sheets, reports)
- Warehouse & store organization
- Record-keeping & documentation

EDUCATION

Certified Public Accounting

Vision Institute of Professionals | 2025 - Present

Bachelor of Commerce, Finance

University of Nairobi | 2021 - 2024

KCSE

Kokuro Boys High School | 2017 - 2020

WORK EXPERIENCE

Inventory Auditor | StressFree Stock Solutions 2024 - 2026

Conducted regular inventory audits and stock-taking exercises across major outlets and hospitality clients including JWines, RiverRose, JoliJan and COVO.

- Reconciled physical stock counts with system records and investigated discrepancies
- Prepared detailed audit reports highlighting stock variances and recommendations
- Verified inventory transactions for accuracy and compliance with stock procedures
- Liaised with outlet teams to correct recurring stock discrepancies

Bookkeeper | Friendslife Adventures, Nairobi Jun 2023 - Feb 2024

- Recorded and analyzed daily financial transactions and stock-related expenses
- Performed account reconciliations to ensure accurate financial and stock records
- Prepared trip budgets, supporting cost control and resource planning

Inventory Auditor | Kasongo Wines, Nairobi Dec 2022 - Mar 2023

- Verified accuracy of stock records against physical inventory counts
- Identified and reported stock discrepancies for timely correction
- Maintained organized stock documentation for audit readiness

Procurement Assistant | Ole Sidai Restaurant, Nairobi Feb 2022 - Oct 2022

- Assisted with placing supplier orders and tracking deliveries
- Received and verified incoming stock against purchase orders
- Maintained accurate records of stock received from various suppliers

ENTREPRENEURSHIP

Founder | Ayawin Stock Solutions 2026 - Present

Founded and currently building a stock and inventory management solution aimed at helping businesses track stock, reduce variances, and streamline procurement and audit processes.

- Leading product development and refining the solution based on real-world stock control challenges
- Applying hands-on inventory audit experience to design practical, user-friendly stock management tools

CAREER OBJECTIVE

To build a career in stock control and inventory management, growing into roles with greater responsibility such as Stock Control Supervisor or Inventory Manager, while continuously developing expertise in supply chain and warehouse operations.

PERSONAL ATTRIBUTES

- Strong attention to detail and high level of accuracy
- Excellent organizational and record-keeping skills
- Good interpersonal and communication skills with a customer-service mindset
- Reliable, honest, and able to work well under minimal supervision
